6. Next your security questions can be chosen from the drop-down menu. Be aware that answers will be case sensitive.
   Submit a "Confidence Word." This is used to easily identify that the website you're logging into is the correct one.

Security Questions

What is the name of your first pet?   >

Where did you meet your spouse for the first time?   >

In what year (YYYY) did you graduate from high school? >

Confidence Word

Sign Up   Cancel

7. Once all information is entered, submit and you will be directed your account Dashboard

From there, you can explore your account to familiarize yourself with our Home Banking. There is a drop down menu on the left side that will have some quick links to certain service forms, services, and bank tools. If you need help with any of the process during setup, please call us at (512) 477-2641 and we'll be happy to help.
